With a surface area of 110 sqm, this tastefully decorated property brilliantly combines modernity and mountain tradition. Extending over 3 levels, the property has three ensuite bedrooms, including one with a double and a bunk bed, a mountain corner, and, on the top floor, a bright living room with steam fireplace, open fitted kitchen and long balcony with a mountain view like no other.

"The end of the day is already here. While this evening's dish is simmering, you enjoy of a moment of calm to admire the village of Courchevel Moriond, on which the sun is setting. And in the distance, one of the most beautiful summits of the 3 Vallées. Time is good in Courchevel."
