Fully renovated in 2022, Le Cèpe A is a semi-detached chalet offering an unique panorama with a clear view of the Aiguille du Fruit summit.

With a surface area of approximately 110 sqm, this tastefully decorated property combines the modern and the mountain styles researched in a ski resort. Spread over 3 levels, it has a family suite with bathroom for 4 people, two double bedrooms en suite and a mountain corner. On the first level, a large living room with pellet stove and a beautiful open fitted kitchen opens onto a large balcony offering a beautiful view of the Aiguille du Fruit.

"After a beautiful day of skiing on the Domaine des 3 Vallées, you finally touch down in your holiday chalet. A stone's throw from the bustle of the resort center, you can enjoy the sunset on the summit of the Aiguille du Fruit before a good Savoyard dinner with the family. Unique moments to experience at Cèpe."
